

Free Prodigy Showcase

The University Area CDC (Community Development Corporation) will present a free Prodigy Showcase on Feb. 28 from 5:30 p.m. to 7 p.m., at the Boys and Girls Club, 38724 Mudcat Grant Blvd., in Dade City.

Youths in grades one through 12 from the CDC's Prodigy Cultural Arts Programs in Pasco County will perform dance, music and spoken word presentations. Many of the students will be performing for the first time.

There also will be visual art by Prodigy students on display.

The cultural arts program aims to empower, educate and enable at-risk youth, ages 5 to 18, to experience performing and visual arts as a tool for self-expression, communication, exploration, problem solving and conflict resolution skills.

For information and other performance dates, visit UACDC.org/prodigy.
